

Revenue Cycle Management

Medstreaming analytics driven and technology enabled Revenue Cycle Management Program provides consulting and outsourcing services for physician billing, medical coding, collections, claims and business analysis for all types of care settings.

“ Medstreaming RCM services enabled us to reduce our billing cycle of 90 days to less than three weeks.

Dr. Paramjit “Romi” Chopra, M.D.
Founder, President, CEO and Medical Director
Midwest Institute for Minimally Invasive Therapies

Claim Processing

- Daily claims submission
- Provide fast turn-around time in the submission and collection of claims
- Adhere to strict standards of confidentiality of client records

Patient Management

- Check patient eligibility
- Generate and mail patient statements
- Patient balance soft collections (reminder letters and phone call)

Medical Coding

- Review entered charges for accuracy
- Coding auditing and guidelines
- Add modifiers as needed, and check against CCI and medical necessity edits

Payment Processing

- ERA and EOB payment processing
- Refund/over payment reporting

Denial and Appeal Handling

- Denial and appeal management
- Identify and report workflow issues causing incorrect claims or denials

Revenue Enhancement

- Identify opportunities for increasing revenues and reducing costs

RCM Reports and Analytics

- Comprehensive monthly financial reporting
- On demand analytics reports
- Analytics dashboards and BI tools

People

Qualified, industry certified, highly experienced team hired through best in class HR practice.

Process

Smooth implementation with minimal disruption to client operations and continuous process analysis to improve efficiencies.

Technology

Innovative custom tools with built in smart learning to help address the new models for reimbursement and RCM.

Quality

Committed to business excellence, including the systematic use of quality management systems and tools and implementing international standards aimed at building and developing more efficient business practices while respecting all laws, requirements and commitments.
