2023 - REAL WORLD TESTING RESULTS REPORT TEMPLATE

BACKGROUND & INSTRUCTIONS

Under the ONC Health IT Certification Program (Certification Program), health IT developers are required to conduct Real World Testing of their certified health IT (45 CFR 170.405). The Office of the National Coordinator for Health Information Technology (ONC) issues Real World Testing resources to clarify health IT developers' responsibilities for conducting Real World Testing, to identify topics and specific elements of Real World Testing that ONC considers a priority, and to assist health IT developers in developing their Real World Testing plans and results reports.

A Real World Testing plan template was created to assist health IT developers in organizing the required information that must be submitted for each element in their Real World Testing plan. To accompany the plan template, ONC has also provided this results report template.

While the use of this template is voluntary, health IT developers may find it useful in preparing their Real World Testing results report(s). Health IT developers must submit one year of results to address the Real World Testing of eligible products as outlined in their previous year's Real World Testing plan(s). If adjustments to approaches are made throughout Real World Testing, the health IT developer should reflect these adjustments in their Real World Testing results report. ONC expects that the results report will include a list of these changes, the reasons for them, and how intended outcomes were more efficiently met as a result.

While every effort has been made to ensure the accuracy of restatements of 45 CFR Part 170, this template is not a legal document. The official program requirements are contained in the relevant laws and regulations. This resource should be read and understood in conjunction with the following companion resources, which describe in detail many of the Certification Program requirements referenced in this resource.

> Real World Testing–What It Means for Health IT Developers – Fact
> Sheet Real World Testing Resource Guide
> Real World Testing Certification Companion Guide

Health IT developers should also review the following regulatory materials, which establish the core requirements and responsibilities for Real World Testing under the Certification Program.

> 21st Century Cures Act: Interoperability, Information Blocking, and the ONC Health IT Certification Program final rule, 85 FR 25642 (May 1, 2020) (**ONC Cures Act Final Rule**)
>
> o Section VII.B.5 — *"Real World Testing"*

INTRODUCTION

This document contains a list of the steps taken to conduct the annual Real World Testing requirements for ONC certification. The Results within this document were reviewed as Screenshots and spreadsheets for their compliance with the criteria defined in the test plan. These artifacts will be maintained by the health IT developer for audit purposes or further requests.

GENERAL INFORMATION

Plan Report ID Number: [For ONC-Authorized Certification Body use only]

Developer Name: **Picis Clinical Solutions, Inc**

Product Name(s): **Medstreaming Practice Suite.**

Version Number(s): **5.3**

Certified Health IT Product List (CHPL) Product Number(s): **15.04.04.2807.Meds.53.00.1.181015**

Developer Real World Testing Plan Page URL: https://fivoshealth.com/solutions/workflow-for-providers/practice-suite-for-obls-and-specialties/

WITHDRAWN PRODUCTS

Product Name(s):	Medstreaming Practice Suite.
Version Number(s):	5.3
CHPL Product Number(s):	15.04.04.2807.Meds.53.00.1.181015
Date(s) Withdrawn:	December 30, 2022
Inclusion of Data in Results Report: [Provide a statement as to whether any data was captured on the withdrawn products. If so, this data should be identified in the results report.]	Version 5.3 was replaced with 5.14 leading into CY 2023. No data collection or further action was taken on the 2022 Real World Test plan developed for version 5.3.

ATTESTATION

The Real World Testing Results Template must include the following attestation signed by the Health IT Developer Authorized representative.

Note: The Results must be approved by a Health IT Developer authorized representative capable of binding the Health IT Developer for execution of the plan and include the representative's contact information.[i]

This Real World Testing Results Report is complete with all required elements, including measures that address all certification criteria and care settings. All information in this plan is up to date and fully addresses the Health IT Developer's Real World Testing requirements.

Authorized Representative Name: **John Danahey, Executive Vice President**

Authorized Representative Email: **JDanahey@picis.com**

Authorized Representative Phone**: 224-217-9679**
